SEO & PERFORMANCE MARKETING

1. Comprehensive SEO Content Audit

Outline a step-by-step framework to identify decaying content, analyze bounce/backlink signals, and optimize domain authority.

2. High-Converting PPC Ad Copy Matrix

Generate a 3x3 ad copy matrix targeting pain, benefit, and urgency with sitelink extensions.

3. Programmatic SEO Engine Blueprint

Design dynamic URL slug architectures, database schemas, and unique content variables to rank 1,000+ niche pages.

4. Full-Funnel Retargeting Strategy

Design a 14-day multi-channel retargeting campaign with segmented discount incentives and social proof.

COPYWRITING & LIFECYCLE

5. Email Welcome Sequence for New Leads

Draft an automated 5-part welcome email sequence maximizing open rates, founder storytelling, and product conversion.

6. High-Converting Landing Page Wireframe

Design an above-the-fold hero section, psychological CTA buttons, and social proof trust layers.

7. Customer Churn Win-Back Campaign

Create an automated 3-step re-engagement sequence addressing user friction and delivering irresistible incentives.

8. Influencer Outreach Brief & SOP

Develop an authentic influencer pitch script, creative guidelines, and FTC compliance tracking.
